10. (Unclassified - RJK) LIAISON Met with Ryan Conroy, on the staff of Senator Alan Cranston (D., Calif.), to discuss our rationale for providing suggested replies to the Senator in response to two recent constituent inquiries. One of these had to do with Nicholas Shadrin and the other with the discovery of a nuclear device in the Himalayas. She found it difficult to accept our reasoning but said that she would discuss the matter further with the Senator to see whether our suggested reply mechanism would be acceptable after all. Apparently, what she is seeking is a response on Agency letterhead so that it can be copied and passed on to the constituent.

11. (Unclassified - HMS) LIAISON Sent information regarding aggregated current accounts for OPEC to Dario Scuka, Library of Congress, per his request and per [REDACTED] 25X1  
OLC, instructions. Scuka had requested this information through NFAC.

25X1 ✓ 12. (Confidential - MMP) LIAISON Saw Dick Giza, House Permanent Select Committee on Intelligence staff, and he told me that the Committee would hold hearings on Warnings on 19 and 20 September and that a letter would be coming over shortly. He also said that there was no need to answer the letter from Tom Latimer, Committee Staff Director, to Fred Hitz, Legislative Counsel, which asked for an estimate on when the Director would designate an individual within the Intelligence Community as the central control point for intelligence warning. (See OLC Journal item for 23 August.)

[REDACTED]

13. (Confidential - MMP) LIAISON Saw Loch Johnson, House Permanent Select Committee on Intelligence staff, who asked for information on CIA's relationship with [REDACTED] 25X1

[REDACTED] 25X1  
in the 1960s. He asked these two questions in connection with the Agency's relationship with academia. I have passed these questions to Don Gregg, C/PCS/LOC/DDO.

14. (Unclassified - MMP) LIAISON Called Barbara Tarris, on the staff of Representative John Erlenborn (R., Ill.), and offered to send her a copy of the unclassified paper "Terrorism 1977" that NFAC had provided to the House Permanent Select Committee on Intelligence. This was in response to her phone call to Martha, of our office.
